Our collection of modular cabinets are made simple for the modern home. Inspired by classically rooted European design, this collection features personalized modular cabinets that can transform a space to be sophisticated yet functional.

Our modular cabinets can be placed anywhere in the home and can stand alone or be combined with others for a personalized look. The free-standing design allows for the cabinets to move with you wherever you go.

Cabinetry available in a variety of styles and sizes. The Trash Base Cabinet is 24" wide and features a pull-out hardwood cutting board with a removable insert for easy disposal of waste. Perfectly positioned to hold a large bin.

Our flagship store in Atlanta, GA showcases white base cabinets connected on either side of a large stovetop. An island created from black base cabinets makes a statement in the center of the store.

The etúHOME Charleston retail store features two complete modular kitchens. The front of the store showcases our standard white base cabinets paired with a sky-blue island as an accent pop. Moving to the back of the store is a display of black base cabinets finished with a dark marble countertop for a moody aesthetic.

Stand single units alone or combine to make a statement in your kitchen. The 2-Drawer Base Cabinet is available in three sizes and features an upper hidden drawer for maximum storage.

This seaside cottage near Dewey Beach was renovated by Coastal Bleu (@coastal_bleu) using a combination of etúHOME base, wall hanging and display cabinets in navy. The coastal charm is accentuated by an array of etúHOME decorative accessories.
