What's Trending in 2022

Patterns, neutrals pallets and organic shapes are top trends in 2022. Layering patterns, much like what is on the fashion runway, is making way into the home in an elegant way. Monochromatic neutral colors mixed with organic shapes are key for creating a calming space. From elevated charcuterie boards, to a fresh pottery collection, to updates to best sellers, our new 2022 products are in-stock and on-trend.
